Riyadh Cloud Kitchen — Feasibility Summary (confidential draft, Oct 2026)

1. Concept

Delivery-only kitchen in north Riyadh serving three virtual brands (burgers, Saudi breakfast, salads) through HungerStation, Jahez and ToYou. Launch planned for Q1 2027. Team: two founders, one chef.

2. Key numbers (monthly, steady state after month 6)

Orders: 4,800 per month Average order value: 45 SAR Revenue: 216,000 SAR
Food cost: 38% Packaging: 6% Aggregator commission: 25% Delivery promo share: 9%
Gross margin after platform costs: 22% = 9.9 SAR per order
Rent + utilities: 28,000 SAR Salaries: 41,000 SAR Marketing: 36,000 SAR
Customer acquisition cost (paid social + platform ads): 180 SAR per new customer
Repeat rate: 1.6 orders per customer per quarter Churn: 71% after the first order

3. Cash position

Cash in bank: 310,000 SAR Monthly burn until month 6: 95,000 SAR Runway: about 3 months
Loan: none Receivables: none (aggregators settle weekly)

4. The ask

A partner entering with 2,000,000 SAR for 8% of the founding contract (implied valuation 25,000,000 SAR). Use of funds: second kitchen in Jeddah (1.2M), marketing (0.5M), working capital (0.3M).

5. Risks listed by the founders

Aggregator commission increases; chef retention; competition from 40+ cloud kitchens in Riyadh.

ملخص بالعربية: مطبخ سحابي في شمال الرياض بثلاث علامات افتراضية، 4,800 طلب شهريا بمتوسط 45 ريالا، تكلفة اكتساب العميل 180 ريالا، ورصي
